

Don't Get Fooled By Fake News

Who?

Who are the authors?
Who do they work for?
(What credentials do they have?)

What?

What is the name of the site?
What does the URL tell you?

When?

When was it written and/or updated?

Where?

Where did the author get their information?
Where can you verify?

Why?

Why is the author writing this? (Is there bias or a hidden sales pitch?)

How?

How does this compare to what you already know?
Horizontally compare it to sites you know are factual.
