Answer to Questions That Bother You So

What Is A Parrot Head????

A Parrot head is a fan of Jimmy Buffett's music. They like the things Jimmy sings about. They like to phlock together in a tropical life style. When Jimmy Buffet comes to town to do a concert parking lots look like beaches with tiki huts and plenty of adult libation. Parrot Heads Indeed!!!!!!

Where did the name Parrot Head come from??

During a concert, Jimmy Buffett commented on the tropical type clothes and hats the fans wore and how they were as loyal as The Dead Heads. It was then that a member of the Coral Reefer Band, Timothy B. Schmit, coined the phrase Parrot Heads. He went on to join The Eagles.
