

Code.org K-5 Curriculum

Free Professional Development Workshop

Code.org is offering free workshops for K-5 educators and content-area teachers interested in teaching the Code.org elementary school computer science curriculum. The workshop will cover content for three courses and teachers will receive the supplies they need to teach the course at no cost. This workshop will be led by experienced Code.org K-5 Affiliates

Location: Sport and Medical Sciences Academy
280 Huyshope Avenue
Hartford, CT 06106

Date/Time: K-2 September 8, 2018, 9:00 AM- 3:30 PM
3-5 September 29, 2018, 9:00 AM- 3:30 PM

Workshop: [Code.org](http://code.org)

Contact: Heather Sutkowski, Chinma Uche, Kate Wakefield
Code.org CS Fundamentals Facilitators

Participants must bring their own device (laptop or tablet). **Participants will be compensated the Hartford contractual hourly rate of \$33/hour for participating.**

Register here:

For 9/8, K-2 Teachers: <http://bit.ly/hpscodesept8>

For 9/29, 3-5 Teachers: <http://bit.ly/hpscodesept29>

The courses are flexible so educators can tailor them to their class based on their students' developmental level and prior experience. The lessons align to CSTA Computer Science and ISTE standards, and reinforce concepts and skills taught in other subject areas by integrating national Math, English Language Arts, and Science standards.

Code.org is a 501(c)3 non-profit dedicated to expanding participation in computer science education by making it available in more schools, and increasing participation by women and underrepresented students of color. The Code.org vision is that every student in every school should have the opportunity to learn computer programming.
