

Fellow colleagues,

My name is Deejae Maxwell, and I am a Library Media Specialist at a Bridgeport, CT elementary school. I am in my last semester at Southern Connecticut State University in the MLIS program. As part of my master's thesis, I am researching the academic benefits of having a maker space in a K-12 school. I am looking for volunteers to complete a 10-question survey to aid my research. If you already are using a maker space and you are in a K-12 school, then you are who I'm looking for. Attached you will find the link to the survey.

I appreciate your time and assistance.

Best,

Deejae Maxwell
